

Stubborn Fool Adventure Race 2019

Update #2

Hello racers! This update is a follow-up to Update #1. If you have not yet read the first update, please be sure to review it carefully as that information is not repeated here.

Start/Finish/HQ. Blackhawk Ski Club, West Chalet, 10118 Blackhawk Rd, Middleton, WI.

Embargo. Blackhawk Ski Club is private and accessible to you ONLY on April 6 beginning at 8:00 a.m. Please do not enter the property prior to that date/time.

Gear staging. There will be two gear drop locations. The exact locations will be announced on Thursday, April 4. Both spots are within 15 minutes of the start and will open at 8 a.m.

Securing bikes during the race. There will be one optional portion of the race where teams will leave bikes in a location where we may not have volunteers to watch your equipment. Please bring a lock to secure your bike during this portion.

Securing canoes after the paddle. While we have volunteers to keep an eye on your gear prior to the paddle section, we may not have volunteers available to watch your boat from the time the paddle section is over until the end of the race. Please consider bringing a lock to secure your boat after the paddle portion. We will transport pfd's, paddles, and a third seat (3-person teams) back to HQ after the paddle.

Protect your maps. Maps will not be waterproof. Please bring a way to protect your maps whether that's a waterproof map case, laminating sheets, etc.
